JFK 2009

ADMINISTRATION

Timothy Neville- Principal

You came to us in the fall of 2007 a little nervous but eager to try on this new thing called middle school. It always amazes me that from shy, awkward, sometimes immature adolescents on entering JFK, you emerge two years later more confident, mature and generally grown up – ready to take on something new again – High School. Your teachers and I feel you are ready for this new challenge. We are proud of you for your accomplishments and wish you well on the next stage of your educational journey at the high school... Congratulations!

John Coleman- White House Housemaster

Congratulations to the Class of 2013! What an extraordinary time in history to be alive! We are witnessing rapid changes, not just in technology but also in society, politics, and culture. With all these changes comes uncertainty, but one certainty is the need for education. It has never been more important. We must all be lifelong learners to enable us to adapt to– and help direct – what the future holds. Work hard in school and get as much education as you possibly can. It will serve you well for a lifetime.

Sarah Collins- Red House Housemaster

Congrats to the JFK class of 2013! Now comes the next challenge: high school. It will be what you make it: a fabulous experience, a challenge, or somewhere in between. Use that brain, use your imagination, figure out who you are and who you want to become. Set some goals and start making them. You may be surprised at what you can do! Pick friends who share your passions, who bring you up instead of down. Enjoy the next four years. I wish you success and happiness!

Andy Longey- Blue House Housemaster

It is important to keep in mind that hard work will always have a positive impact in your life. A strong work ethic will overcome many deficiencies students may have. No matter what struggles are in your life working hard can overcome those challenges. In addition to hard work, it is critical to have a positive attitude. Life is too short not to focus on the positive things in life. Anyone can go through life complaining about the rotten things, but a truly positive person can find something special in all situations. I wish the 8th grade class the best of luck in the future.
